

Former HBN Foundation Chairman of the Board, John Minor, experienced a serious health issue in August of 2019. After a brief stay at Piedmont Hospital, John was accepted for rehabilitative care at the Shepherd Center where our good friends took great care of him during the initial phase of his illness. John was an inpatient at the Mann House in Sandy Springs until his passing on Monday, April 27, 2020. John became HBN Chairman of the Board in May 2017. His great personality, warm and caring spirit and enthusiasm related to all things HBN made him the perfect leader. We will miss you, brother John!! Thank you for always "Taking the Call!"
